

Technical Fact Sheet

3M 2080 Series

3M™ Wrap Film Series 2080 is a multi-layer dual cast adhesive-backed film for vehicle wraps, accents and partial decoration wraps. This series features more conformable and stretchable film layers vs. 3M™ Wrap Film Series 1080, providing a better fit around curves and in channels and a smooth, sleek appearance. Optimized adhesive provides an exceptional installation experience related to reduced initial tack and improved positionability.* 3M™ Controltac™ technology minimizes initial contact areas for easy repositioning, and 3M™ Comply™ technology uses the latest non-visible air release channels that make it very easy to smooth out bubbles.* 3M™ Wrap Film Series 2080 is available in nearly 100 colors, patterns and textures including gloss, high gloss, satin, matte, color flip and more. With roll widths up to 60 inches, installers can apply film to nearly any section of the vehicle without seams.

Features

- 3M™ Wrap Film Series 2080 is developed specifically for vehicle personalization from accents to full vehicle wraps
- Optimized adhesive provides an exceptional installation experience*
- Adhesive features updated 3M™ Comply™ technology with non-visible air release channels for bubble-free application*
- 3M™ Controltac™ technology features reduced initial tack for excellent repositionability*
