

Technical Fact Sheet

3M 2080 Series - copy

Multi-layer cast adhesive backed film for solid color vehicle detailing, decoration and full wraps. This film utilizes 3M Controltac and 3M Comply technology. Controltac minimizes the initial contact area of the adhesive for easy sliding, tacking, snap-up and repositioning. Comply technology allows air to exit through air release channels to the edge of the graphic. 60 inch (1.52 m) rolls-allowing almost any section of the vehicle to be wrapped without seams. Use the film right out-of-the- box with or without graphic protection. Expected Performance Life (unwarranted period for unprinted film with no graphic protection, applied to a flat, vertical, outdoor surface): - All colors and textures: 8 years. Important Notice: All 2080 gloss films have a clear protective film layer to prevent scratching; this protective film layer must be removed after installation.
