

Technical Fact Sheet

Contravision Campaign 40% UL

Contravision Campaign 40% UL is a white on black perforated window films and vinyl, designed for printing high-impact, one-way vision graphics. Ideal for applications on external window surfaces, these films showcase the graphics outward, while the black, see-through side faces inwards. This popular choice strikes a perfect balance between vibrant image display and clear visibility, making it especially suited for vehicle windows and full building wraps.
