

Technical Fact Sheet

Pacesetter Gloss Art FSC (R)

Pacesetter Gloss Art FSC® (R) is a premium gloss coated art paper designed to deliver exceptional print quality and vibrant colour reproduction. Featuring a smooth, high gloss surface and excellent brightness, it provides outstanding image clarity and sharp detail, making it ideal for high-impact commercial print applications. FSC® certified for responsible sourcing, Pacesetter Gloss Art is a reliable choice for brochures, catalogues, flyers and marketing collateral where a polished, professional finish is essential. Its consistent performance on press and compatibility with a range of finishing processes ensures dependable results across a variety of print projects.
