

Technical Fact Sheet

Brillante White Felt WS WG

Brillante White Felt WS WG is a premium felt-marked label paper made from pure ECF pulp with 30% post-consumer recycled fibres. With FSC® certification and wet strength treatment, it combines sustainability with performance. Designed specifically for beverage labelling, this paper ensures excellent adhesion even in challenging conditions, making it ideal for wine, spirits, and craft beer bottles. Its natural felt texture and high print compatibility provide both elegance and durability, ensuring labels remain intact and visually striking—even after immersion in ice buckets.
