

Technical Fact Sheet

Neschen SAV Floor Rug 'N' Wall

Neschen Rug'n'Wall is a printable, self-adhesive textile fabric with a textured surface. The product is suitable for indoor and short-term outdoor applications. It is specially designed for use on floors, carpets and walls. After printing with latex and UV inks, the surface has high scratch resistance. The flexible textile fabric adheres to many different surfaces, such as tiles, wood and PVC floors, and untreated stone floors (not marble!). After application, the product can be easily removed.
