## **Hahnemühle FA Baryta Satin (S)**

FineArt Baryta Satin is a baryta paper with a white, satin-gloss surface. The amount of barium sulphate in the coating in conjunction with a microporous ink-receiving layer provides exceptional image results with large colour space and intensive colouring. FineArt Baryta Satin enables extremely deep blacks (Dmax), excellent image sharpness and is perfect for black-and-white photography. Compatible with pigmented and dye inkjet systems.
