

Technical Fact Sheet

Contravision Performance 50%RL

Contravision Performance 50% RL is a white-on-black perforated self-adhesive vinyl designed for creating high-impact one-way vision window graphics. With 50% transparency, it provides excellent visibility from insidewhile still delivering bold printed graphics on the exterior. Featuring a removable adhesive and Replacement Liner with Grayliner™ technology, it offers reliable handling and strong print performance for window advertising applications such as vehicle graphics, retail displays and building wraps.
