

Technical Fact Sheet

3M Class 1100 Reflect 610mm NES

To help ensure road safety, we must consistently and effectively provide drivers with critical information and visual cues—particularly at night. This starts with bright, highly retroreflective road signs. 3M™ Diamond Grade™ DG³ Reflective Sheeting uses advanced technology to meet and exceed the requirements for AS/NZS 1906.1 Class 1100 sheeting, setting the standard for sign performance.
