## 3M 2080 High Gloss Series

3M 2080 High Gloss Series is a multi-layer dual cast adhesive-backed film for vehicle wraps, accents and partial decoration wraps. This series features more conformable and stretchable film layers, providing a better fit around curves and in channels and a smooth, sleek appearance. Optimised adhesive provides an exceptional installation experience related to reduced initial tack and improved positionability. 3M Controltac technology minimises initial contact areas for easy repositioning and 3M Comply technology uses the latest non-visible air release channels that make it very easy to smooth out bubbles. 3M 2080 High Gloss Series has a smooth, mirror-like finish achieving 250% better reflective image quality.
