

# Technical Fact Sheet

## Mimaki I-SB53 Ink (IM)

Mimaki I-SB53 Ink (IM) dramatically improves print quality on polyester. The combination of ink and machine technologies achieves cost-effective and eco-conscious direct sublimation printing. Quick dry water base sublimation ink and Mimaki inkjet technology produces beautiful and high-quality vibrant colour printing and solves problems around ink bleeding, feeding soft fabrics and drying times.

---

### Features

- High-density sublimation ink
- Printing unique and gorgeous design on the polyester fabric
- Mechanism of water-based sublimation ink fixation
- Cost-effective and eco-conscious direct sublimation printing
- Solve problems and delivers solutions for users
- Large-volume ink bottles allow on-time completion of large-volume orders

# Technical Fact Sheet

- Mimaki has knowledge of printing on various fabrics

---

## Application Text

- Polyester materials

---

## Important Note

All statements, technical information and recommendation are based on tests we believe to be reliable, but the accuracy or completeness thereof is not guaranteed, and the following is made in lieu of all warranties of merchantability and fitness for the purpose: Sellers and manufacturer's only obligation shall be to replace such quantity of the product proved to be defective. Before using, user shall determine the suitability of the product for its intended use, and user assumes all risk and liability whatsoever in connection therewith.
