

Technical Fact Sheet

3M IJ16 Series -10

3M™ IJ16 Series -10 Monomeric Vinyl Film is a gloss white calendared vinyl designed for short-term promotional graphics, signage, and decals. It features a removable adhesive for easy application and clean, residue-free removal. Suitable for indoor and outdoor temporary uses, it delivers reliable print performance across a wide range of surfaces, making it ideal for event graphics, window signage, and short-term branding.

Features

- Gloss white, economical, promotional monomeric vinyl, with grey permanent adhesive and a polycoated paper liner
- Up to 1 year unprinted vertical durability
- Also can be used as a overlaminate for IJ15-114 products
- Everyday vinyl, for flat surfaces only
- Suitable for solvent, eco-solvent, UV-curable and latex printing
