

Technical Fact Sheet

Roland EJ-640 Ink

EJ INK is a next generation eco-solvent ink from Roland DG that offers long-term outdoor durability, broad media support, and outstanding image results – all at an economic price. Designed for long print runs, it dries quickly and can be swapped out without stopping the print process.

Features

- Available in 1-litre cartridges that save up to 35% over other printers
- Bulk ink system includes 220 ml sub tank for ink cartridge swap-out without stopping printing
- Combines with EJ-640 tri-heater system for fast drying times and enhanced image saturation
- Unmatched long-term outdoor durability – scratch and chemical resistant
- Broad media support – print on a wide range of materials including heat sensitive substrates
- 7 colour CMYKLcLmLk mode

Technical Fact Sheet

- Light cyan, light magenta and light black, provide vibrant colour, smooth gradations and neutral greys
- 4 colour dual CMYK (x2) mode

Important Note

All statements, technical information and recommendation are based on tests we believe to be reliable, but the accuracy or completeness thereof is not guaranteed, and the following is made in lieu of all warranties of merchantability and fitness for the purpose: Sellers and manufacturer's only obligation shall be to replace such quantity of the product proved to be defective. Before using, user shall determine the suitability of the product for its intended use, and user assumes all risk and liability whatsoever in connection therewith.
