

Technical Fact Sheet

Mimaki LUS-170 Ink

Mimaki's LUS-170 UV ink is cured and adhered to the media or substrate by UV radiation before it comes out of the UV - Roll printer allowing a short delivery request to be met. With the added flexibility of printing on plastic, glass and metal as well as vinyl and acrylic, it meets demands from various industries.

Features

- Fine and high-quality image reproducibility
- Excellent weatherability and rub-fastness
- Easy to maintain
- Cost effective
- GREENGUARD Gold Certified
