

Technical Fact Sheet

3M Impact Protection Adhesive

3M Impact Protection Adhesive attaches the filmed window to the window frame, creating a robust shield that significantly outperforms window film only systems. It's extra assurance against impact energy from earthquakes and forced entry events with enough strength to handle even bomb blasts.

Features

- Window film and attachment system offers the highest level of protection
- Combines the toughness of 3M™ Ultra Safety and Security Films with an adhesive or profile attachment system
- Attachment System attaches the filmed window to the window frame, creating a robust shield that significantly outperforms window film-only systems
- Assurance against impact energy from earthquakes and forced entry events—with enough strength to handle even bomb blasts

Technical Fact Sheet

Adhesive that work inconjunction with installation of 3M™ Window Film.
