

Technical Fact Sheet

Bauhaus S-Race Tacky 80gsm

Bauhaus S-Race Tacky 80 is a Microporous Coated Sublimation Paper that transfers on all kinds of polyester materials. Especially designed for elastic textiles, no movement between paper and fabric during transfer (eliminates possible ghosting effect). With optimised barrier properties for medium to high ink coverage.

Features

- Optimal tack between paper and fabric during sublimation transfer (no ghosting)
- Extremely fast drying
- Excellent line sharpness
- Superb and quick transfer properties
- Outstanding lay-flat performance
- No ink strike-through

Technical Fact Sheet

- Exceptional quality consistency
-

Important Note

All statements, technical information and recommendation are based on tests we believe to be reliable, but the accuracy or completeness thereof is not guaranteed, and the following is made in lieu of all warranties of merchantability and fitness for the purpose: Sellers and manufacturer's only obligation shall be to replace such quantity of the product proved to be defective. Before using, user shall determine the suitability of the product for its intended use, and user assumes all risk and liability whatsoever in connection therewith.

Storage

Store material only in original packaging under normal climatic conditions (23°C, 50 % RH). Protect material from direct sunlight. It is recommended to adapt the material to indoor climate at least 24 hours before usage.
