

Technical Fact Sheet

Ecofoil Digital Label SPX

Ecofoil Digital is an exciting new range of metallised foil board materials that has been specifically developed for the HP Indigo, Dry Toner and Inkjet digital print markets. As the only sustainable and commercially viable foil board range on the digital market, Ecofoil offers all the creative benefits of a Metallised Polyester but with one huge difference - its certified plastic free and 100% recyclable.

Features

- 100% Recyclable and certified Plastic Free
- The worlds first foil-board substrate to be certified for dry toner, inkjet and HP Indigo digital presses.
- Proven to run at commercial speeds with no build-up of static.
- A true foil-board substrate giving significantly higher gloss levels comparable to metallic inks or metallic substrates.

Technical Fact Sheet

- Compatible with all known post-press processes, including; folding, bookbinding, embossing, debossing, foiling, UV varnishing and laminating.
- Can be produced in Silver, Gold and Rainbow holographic patterns.
- ISO 9001
- ISO 14001
