

Technical Fact Sheet

Epson SC P-8070

The Epson SC P-8070 is a 44" (1118mm) Large Format Printer that is designed for photo, fine art and premium poster production. It supports a wide range of standard and specialist media in roll and sheet formats. It features a PrecisionCore® Thin Film (TFP) head with Variable Sized Droplet Technology™ that enables the output of images in high resolution with superior fidelity and tonal gradation. It uses Epson's latest UltraChrome® HD all-pigment aqueous ink for accurate colour with an enhanced gamut, Dmax and image durability. The printer uses an 8 colour ink configuration with three levels of black for colour and B&W prints with a 94% PANTONE® coverage. Cartridges come in sizes to suit various levels of use and cost per print requirements. An optional SpectroProofer (ILS30) is available for precision colour management and ISO standard proofing work.

Features

- Quality imaging
- Flexible output
- Durable high colour prints
- Ultra-Low running cost
- Simple to operate
- Designed for retail and print for pay applications

Technical Fact Sheet

- Easy integration
