Technical Fact Sheet

Spicers

Epson SC P-8560D

The Epson SureColor P8560D combines an extremely compact footprint with flexible media handling and a high print speed. It is designed for companies who want to produce large-format colour and black-and-white photo images in moderate to high volume. This model is particularly suited to retail and print for pay applications. It uses 6 inks that come in large cost-effective cartridges with a light black (gray) for quality output with fine gradation. Integrated high-speed hardware-based PostScript® enables fast and accurate imaging via drag-n-drop from the desktop or direct from a USB device. All configurations feature dual-roll support with the second roll also able to be used as an Auto Take Up.

Important Note

All statements, technical information and recommendation are based on tests we believe to be reliable, but the accuracy or completeness thereof is not guaranteed, and the following is made in lieu of all warranties of merchantability and fitness for the purpose: Sellers and manufacturer's only obligation shall be to replace such quantity of the product proved to be defective. Before using, user shall determine the suitability of the product for its intended use, and user assumes all risk and liability whatsoever in connection therewith.
