

Technical Fact Sheet

Epson SC T-5160

The SC-T5160 features Epson's latest PrecisionCore™ print head and aqueous UltraChrome® XD2 pigment ink. It will print an A1 image in as little as 31s with output that dries almost instantly to be water and rub resistant. Ink ships in a range of cartridge sizes to suit different production and cost-per-print requirements. Designed for small and medium sized businesses that want to produce wide format prints, the printer can be purchased in either a desktop or floor-standing configuration, has a very small footprint, and can be installed against a wall or in a corner. It also ships with software that enables easy printing from office and CAD/GIS applications.
