

Technical Fact Sheet

Epson SC T-5200

The SC-T5200 features Epson's latest PrecisionCore™ print head and aqueous UltraChrome® ink chemistry. It will print an A0 image in as little as 50s with output that dries almost instantly to be water and rub resistant. It is extremely cost-effective to run, with low power and low ink consumption. Ink ships in a range of cartridge sizes to suit different production and cost-per-print requirements. Designed for business and corporate environments, the printer is simple to load and easy to operate, features a small footprint, with support for installation against a wall or in a corner.

Important Note

All statements, technical information and recommendation are based on tests we believe to be reliable, but the accuracy or completeness thereof is not guaranteed, and the following is made in lieu of all warranties of merchantability and fitness for the purpose: Sellers and manufacturer's only obligation shall be to replace such quantity of the product proved to be defective. Before using, user shall determine the suitability of the product for its intended use, and user assumes all risk and liability whatsoever in connection therewith.
