

Technical Fact Sheet

Epson SC T-5460MFP

The SC-T5460MFP features Epson's latest PrecisionCore™ print head and aqueous UltraChrome® XD2 pigment ink. It will print an A1 image in as little as 22s with output that dries almost instantly to be water and rub resistant. Ink ships in a range of cartridge sizes to suit different production and cost-per-print requirements. Designed for businesses that want to produce wide format prints, the printer is supplied with a stand and paper basket and can be installed against a wall or in a corner. It also ships with software that enables easy printing from office and CAD/GIS applications. The SureColor T5460M provides the perfect solution for construction, business, and education. It has a sleek, space-saving design and comes equipped with a variety of features that benefit users and network managers. It includes an intuitive 4.3-inch LCD touchscreen, incorporates the latest network security, and uses cost-effective high-capacity ink cartridges. It even supports direct printing from tablets and smartphones.
