Epson SC T-7200

The Epson SureColor Technical series is a versatile and compact range of printers. They are designed for users who need to produce large-format colour and black-and-white images, economically and at high speed. They are compatible with a wide range of media from thin specialist stocks, to basic bond paper, to thick cardboard. They support ultra-high resolution print with dense and consistent colour. They are ideal for maps, plans, drawings, schematics, geological survey diagrams, sales presentations, posters and displays. The SC-T7200 features Epson's latest PrecisionCore™ print head and aqueous UltraChrome® ink chemistry. It will print an B0 image in as little as 70s with output that dries almost instantly to be water and rub resistant. It is extremely cost-effective to run, with low power and low ink consumption.

Important Note

All statements, technical information and recommendation are based on tests we believe to be reliable, but the accuracy or completeness thereof is not guaranteed, and the following is made in lieu of all warranties of merchantability and fitness for the purpose: Sellers and manufacturer's only obligation shall be to replace such quantity of the product proved to be defective. Before using, user shall determine the suitability of the product for its intended use, and user assumes all risk and liability whatsoever in connection therewith.
