

Technical Fact Sheet

Epson SC T-7760DM MFP

The SureColor T-7760DM MFP is a multifunction technical printer that combines an extremely compact footprint with flexible media handling, a high print speed and a large format scanner for print, scan and copy functionality. It is designed for companies who want to produce colour drawings, posters and POS material in sizes up to B0 quickly and efficiently. This model is particularly suited to construction, retail and print-4-pay applications. It uses 6 inks that come in large cost-effective cartridges with an additional Red to enhance the colour gamut. Integrated high-speed hardware-based Postscript enables fast and accurate image reproduction via drag-n-drop from the desktop or direct from a USB device. It features dual-roll support with automatic loading and exchange. The 2nd roll can also be used as an Auto Take Up for Roll-To-Roll production with offline processing.

Features

- Designed for high-speed, high-volume production with enhanced colour gamut
- Integrated advanced scanner for scan and copy functionality
- Second roll can also be configured as an auto take-up
- Extremely compact design with enhanced media support and flexible networking
- Economical operation with low power consumption and cost-effective ink cartridges
- Features Epson's latest PrecisionCore® print head technology

Technical Fact Sheet

- Uses all-pigment UltraChrome™ XD3 ink for scratch and moisture resistant prints
- On-board high-speed PostScript for drag-n-drop printing
- High-capacity SSD included for efficient workgroup operation and rapid reprint
- Integrated pull-out media bin and Epson Cloud Solution PORT support
- Comprehensive warranty with on-site service up to 5 years (includes print head)

Important Note

All statements, technical information and recommendation are based on tests we believe to be reliable, but the accuracy or completeness thereof is not guaranteed, and the following is made in lieu of all warranties of merchantability and fitness for the purpose: Sellers and manufacturer's only obligation shall be to replace such quantity of the product proved to be defective. Before using, user shall determine the suitability of the product for its intended use, and user assumes all risk and liability whatsoever in connection therewith.
