

Technical Fact Sheet

3M 5525 Haze Sandblast

3M 5525 Haze Sandblast is a special effects, matt intermediate polymeric vinyl with clear permanent solvent adhesive and kraft liner. Perfect for indoor and outdoor window decoration medium term applications. Up to 5 years durability for internal application and up to 3 years for external vertical durability. Available in: 314 - Haze 324 - Sandblast.

Features

- Transform plain glass while enhancing privacy and letting in natural light
- Transparent synthetic liner makes cutting shapes, logos and printed designs quick and easy
- Dusted and Frosted glass pattern designs capture the look of etched or sandblasted glass at a fraction of the price
- Fast, accurate, and durable application to a variety of glass substrates due to 3M™ pressure-sensitive adhesive technology

Technical Fact Sheet

Important Note

All statements, technical information and recommendation are based on tests we believe to be reliable, but the accuracy or completeness thereof is not guaranteed, and the following is made in lieu of all warranties of merchantability and fitness for the purpose: Sellers and manufacturer's only obligation shall be to replace such quantity of the product proved to be defective. Before using, user shall determine the suitability of the product for its intended use, and user assumes all risk and liability whatsoever in connection therewith.
