

# Technical Fact Sheet

## 3M Black Chrome

3M Black Chrome utilises a metallised film technology, providing maximum heat rejection and significantly improved comfort. This same metal layer creates a unique look to your vehicle, with higher exterior reflectivity. These shaded films are designed to reject solar heat that is produced from visible light. Black Chrome rejects up to 72% of the heat coming through your windows. 3M Black Chrome films also provide significant glare relief, allowing only 10% to 40% of the light into your car.

---

### Features

- Give your car the cool factor. The Black Chrome Series offers the ultimate in privacy while providing excellent heat rejection
- Creates a unique look to your vehicle, with higher exterior reflectivity
