

Technical Fact Sheet

3M IJ8150 Optically Clear

3M IJ8150 Optically Clear is an optically clear, gloss cast vinyl with clear removable adhesive and transparent synthetic paper that is perfect for window graphics. Optimized for wet application, making it very easy to install.

Features

- Creative design flexibility to produce unique effects such as see-through effects that simulate perforated film*, alternate image on reverse side of a single graphic, dustyed crystal, one-way vision etc.
- Ideal for glass, acrylic and polycarbonate
- Multiple images in a single graphic eliminate shape cutting for faster installation, perfectly spaced images and quicker removal
- Compatible with digital and screen printing systems
- Conforms to simple compound curves such as vehicle windows

Technical Fact Sheet

- Wet application for bubble-free installation
- Great lifting resistance even on compound curved windows

Important Note

All statements, technical information and recommendation are based on tests we believe to be reliable, but the accuracy or completeness thereof is not guaranteed, and the following is made in lieu of all warranties of merchantability and fitness for the purpose: Sellers and manufacturer's only obligation shall be to replace such quantity of the product proved to be defective. Before using, user shall determine the suitability of the product for its intended use, and user assumes all risk and liability whatsoever in connection therewith.
