

# Technical Fact Sheet

## 3M RP45 Tape

3M RP45 Tape consists of a durable acrylic adhesive with viscoelastic properties. This provides an extraordinarily strong double sided foam tape that adheres to a broad range of substrates, including aluminum, stainless steel, galvanised steel, composites, plastics, acrylic, polycarbonate, ABS and painted or sealed wood and concrete. 3M RP45 Tape provides excellent shear strength, conformability, surface adhesion, and temperature resistance.
