3M IJ180mC-10SLS

3M IJ180mC-10SLS is a 2-mil, white vinyl film specifically formulated for use on stainless steel. For Solvent, UV, and Latex Inkjet printing and Cut Graphics.

Features

- Pressure-activated adhesive for easy sliding, tacking, snap-up and repositioning
- Features non-visible air release channels for fast and easy, bubble-free graphic installations
- Flexible; conforms to moderate curves, corrugated and rivets
- Excellent hiding power
- Permanent film

- Many finished graphic constructions can be stretched up to 130% (i.e, a 10 inch (25cm) piece of film can stretch to 13 inches (33cm)) without primer or relief cuts and maintain life resistance
- Expected Performance Life of 10 years (unwarranted period for unprinted film with no graphic protection, applied to a flat, vertical, outdoor surface in a non-abusive environment)

Application Text

- Indoor and outdoor stainless steel applications
- Indoor and outdoor graphics and signs
- Commercial vehicle and fleet graphics, emblems or striping
- Bus Graphics
- Standard vehicle graphics
