

Technical Fact Sheet

3M Envision Laminate 8550M

3M Envision Laminate 8550M is a high-performance, non-PVC high gloss, matt & lustre wrap overlaminate with a polyester liner and clear permanent adhesive. The non-PVC construction is conformable, versatile durable and provides a soft, glare-minimising sheen.

Features

- Provides long-term durability and protection for most graphic films
- Non-PVC
- Matte finish minimises glare
- Offers better scratch resistance during installation compared to other gloss cast vinyl overlaminates
- Installs in a wider temperature range compared to most PVC overlaminates
- Highly conformable with excellent lifting resistance

Technical Fact Sheet

- Greater tensile strength resists tearing for faster removal
- UL approved for slip resistance on interior floors and graphics

Important Note

All statements, technical information and recommendation are based on tests we believe to be reliable, but the accuracy or completeness thereof is not guaranteed, and the following is made in lieu of all warranties of merchantability and fitness for the purpose: Sellers and manufacturer's only obligation shall be to replace such quantity of the product proved to be defective. Before using, user shall determine the suitability of the product for its intended use, and user assumes all risk and liability whatsoever in connection therewith.
